

PROJECT	<input type="text"/>	DETAILED SPECIFICATIONS	FULLY FITTED REFRIGERATOR WITH BIOFRESH
LOCATION	<input type="text"/>	ITEM CODE	EKB 9671 BIOFRESH
FINISH	STAINLESS STEEL	MANUFACTURE	LIEBHERR
		DATE	22/09/2023

Features

Power and Consumption

Energy class	A ++
Power consumption in 24 hours	0.416 kWh / 24h
Power consumption per year	152 kWh / a
Climate class	SN-T
Noise - sound power	39 dB
Usable capacity, overall	544 l
Refrigerator	544 l
Of them BioFresh	245 l
Total Gross Capacity	651 l
Refrigerator	651 l
Of them BioFresh	259 l
Voltage	220-240 V ~
Frequency	50 Hz
Connection load	3.0 A 250 W

Dimension and Weight

Recess height	213 cm
Dimensions packed, Y / W / B	2.270,0 / 970.0 / 765.0 mm
Rectangular Dimensions H / W / D	213.36 - 213.4 / 91.4 / 63.5 cm
Weight (without packaging)	198.0 kg
Weight (packed)	218.0 kg

Control and Functions

Radiator temperature range	+ 2 ° C to + 7 ° C
Control system	3.5 "Color Touch Screen, Touch and Swipe
Handling	Electronic touch screen
Temperature display	Refrigerator and BioFresh zone
Fault: warning sound	Audiovisual
SmartDeviceBox	Pre-installed

Refrigerator

Closing closure	SoftSystem
Defrosting process	Automatically
Illumination	Enlightened sidewalls
Number of radiator shelves	4
Of them adjustable in height	3
Of them flexibly used bottles	1
Refrigerator Shelf Material	Glass
Number of shelves for cans	2
Case 0 ° **	BioFresh
Number of BioFresh trays	2
DrySafe	1
Of them HydroSafe	2
With lighting	Cathode Lighting

Installation

Door fittings	Door on the door
Door opening	Right convertible
Angle of door opening	115 °
Ventilation	Base ventilation
