Stonium Gear Washbasin With Drain Black

390100111778

This distinctive wash basin has an innovative gear-shaped design that immediately captures attention. The scalloped edges around the circumference are not only aesthetically pleasing but may also serve to provide a grip in commercial or industrial-themed settings. The central drain is neatly incorporated into the design, ensuring functionality without disrupting the basin's unique style. Crafted from high-quality materials, the gear wash basin is likely durable and hard-wearing, designed to withstand the rigors of frequent use while maintaining its textural and visual appeal.
