Stonium Minium Washbasin With Drain Light Grey

39010011782

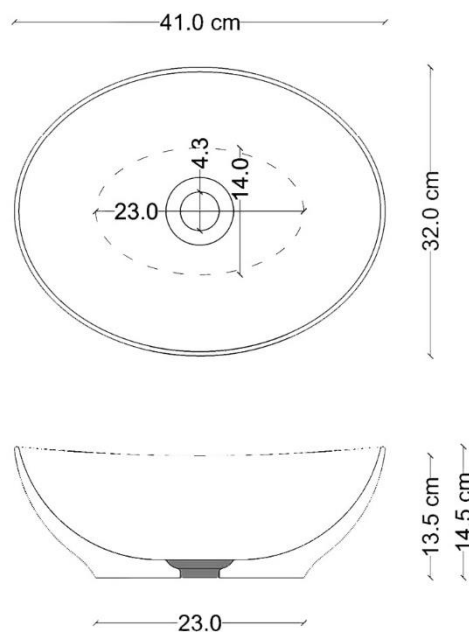

The "Minium" wash basin exudes a contemporary charm with its bold and sophisticated design. The broad, elongated oval shape takes cues from minimalistic design principles, offering a spacious and luxurious wash area. This material is typically non-porous and resistant to stains, moisture, and bacteria, making it an excellent choice for both residential and commercial settings. One of the notable features of this basin is its textured finish which not only adds to its visual appeal but also contributes to its tactile quality. The basin is likely designed for countertop installation, which would allow for flexibility in the choice of vanity and placement.

SPECIFICATIONS
