NEWTON | FREESTANDING

Newton is a revolutionary statement piece created to fulfill the needs of those who are looking for the best in contemporary furniture design mixed up with exquisite details and high-quality materials. Defying the laws of physics, the Newton Freestanding has grown from the ancient art of casting metal, where metal is heated until molten into spheres and semi-spheres shape. One by one, each element is joint to produce an outstanding pattern and organic structure, finished in a dramatic black lacquer and gold-plated accents. The top of this freestanding is composed of brass circles carved with a golden texture similar to an organic wood texture.

DIMENSIONS

WIDTH 64 cm | 25,19"
